THE LOCATION: NUNGWI

The Crown of the North – Nungwi

Perched on the pristine northern tip of the island, Nungwi has earned its reputation as the true crown of Zanzibar.

What sets it apart is simple and powerful. Nungwi is famous for its non-tidal beaches. Unlike much of the island, where the tide dramatically shifts throughout the day, the ocean here remains swimmable from sunrise to sunset. The result is uninterrupted turquoise waters, endless horizon views, and the freedom to enjoy swimming, boating, and water activities at any time.

It is not just a beach destination. It is consistency, beauty, and lifestyle in one of Zanzibars most exceptional coastal settings.
